Lot 26

Tag: PB09003 Sire: PB 09 Age: 1yr 4mths

20.1 μ 3.8 SD 18.9 CV 99.6 CF

Moorundie have topped Adelaide and Hamilton ram sales in recent years for a reason. With the stud's foundation going back to 1955 the Davidson family have provided the poll merino breed with 'top-shelf' sires that predictably breed on.

Geoff and Bernadette with their shift to Keith have taken their wool quality to a new level through concentrating on high fleeces weights and waxy white wool.

Their lead ram is a sire in every aspect. Body weight (127kgs mid August) is in keeping with their aims breeding rams with early growth rates. PP status. A rich ram-breeding wool sire. A heavy-cutting dense wool sheep! Displaying a powerful head with soft clean muzzle, he has bone and presence.

Lot 27

Tag: NE73006

Sire: ET bred: Sire NE073 Dam top 201 Daughter

Age: 1yr 4mths

18.3 μ 3.4 SD 18.6 CV 99.9 CF

Rare opportunity. An absolute 'keeper' ram. A late replacement. Was reserved for stud use, but now in sale. Exceptionally long staple 100mm. A well-covered, deep-sided 'top class' poll sire with well-nourished white medium wool with vibrant lock, sheen and texture. PP. 125kgs mid August. Very square wide rear-ended ram. One of the 'top' polls to be offered 'anywhere' this year!!

Lot 28

Tag: S179 Sire: GO61 Age: 1yr 4mths

18.6 μ 2.5 SD 13.4 CV 99.8 CF

A wide-bodied 'correct' ram with a full bonnet. A tall sheep with staple length, he grows bulky rich, fine-medium wool. 126kg mid August. PP. Grandsire, Moorundie A321. Excellent dual purpose sheep – body shape and growth with wool cutting ability!

Lot 29

Tag: PB09011 Sire: PB09 Age: 1yr 4mths

19.5 μ 2.8 SD 14.4 CV 100.0 CF

At 132kg mid August and an outstanding wool test he is a 'high end example of 'meat and wool' production. A massive girth sheep with great strength of muzzle. Tested PP. A large-framed ram with doing ability and sweet visual medium wool - 100%CF. ET son of PB09 - Full brother retained in the stud.
