2020 ON PROPERTY SALE RAMS

Welcome to our 2020 newsletter. We hope that you are safe and well during what has been a tumultuous year. This season has been variable across Australia, but high on our agenda is also the impact of COVID-19. It is difficult to put in writing an exact plan, because the rules change daily. We will endeavour to operate in a covid safe environment and are happy to organise inspections at anytime.

We decided early in the season to bring our sale forward to August 25th. This was in order to enable rams to be delivered earlier and give them the opportunity to settle in. Please feel free to contact us at anytime to discuss inspections and we are working within the shifting guidelines to ensure you get the best results.
