Moorundie South Pty Ltd – MOORUNDIE – Keith 2017 - HAMILTON

With a concentration on high fleece weight, fertility, early growth rates and white wool, able to handle rainfall. Following last year's successful Hamilton debut (topping at \$30,000 to Glenlea Park) Geoff and Bernadette Davidson back up with a power house team of 5 polls for 2107.

PB027 – Sire PB202 Sold 2015 for \$38,000.

M – 20.6 S.D – 3.2 C.V – 15.5 CF. – 99.5

BWT – 110 kg.

Twin Ram, Very white rich wool.

A well covered wide bodied poll.

A very good all-rounder – he is a meat and wool type.

As we see with the top Moorundies, he carries 'breed-on' stud wool
– waxy white wool with true lock and definition

NE070

Grandsire is NE008.

M - 21.4 SD - 3.4 CV - 15.9 CF – 99

BWT – 118kg.

Very rich, thick wool. Heavy cutter.

Masculine clean faces, big square bodies & bulky fleeces
are Moorundie hallmarks

– and this big ‘fella’ is right up their!

With tremendous width on top – he is a ‘doer’ and has carcase attributes!
With a sire’s thickness and lock his wool has dominant ‘breed-on’ character.

A big, growthy ram – bold-crimping sire’s wool.

M116

– Sire P055 Mianelup (WA), sired by Moorundie A254.

M – 20.5 S.D – 3 C.V – 17.2 CF – 99.4

BWT – 108 kg.

Exceptionally long stapled ram, very square body.

Meaty plainer-bodied poll with long

-stapled bright soft-handling wool.

Doing ability!

H160 – Sire NE008

M – 19.8 S.D – 3.4 C.V – 17.2 CF – 99

BWT – 100 kg.

Very rich wool, good underline, one of best skinned sheep.

Three ticks for wool quality here.

Outstanding wool sheep.

Excellent surface, lustrous heavy-cutting stud wool.

A ‘rare’ stamp of ram-breeding stud wool here!
